Relevant Experience

Freelance Web Developer

Mar 2020 - Present // Brooklyn, NY

- Collaborated with clients to create web and mobile applications to achieve their goals.
- Designed the UI of the applications using design tools such as Photoshop, Sketch, and Invision.
- Developed applications using a variety of technologies such as HTML, CSS, JavaScript, React, and NodeJS

Full-Stack Web Developer - Consultant @ Miramom

Mar 2019 - Aug 2020 // Brooklyn, NY

- Worked with a small team to develop the client-side of the web application using React.js.
- Implemented the RESTful API design using a variety of technologies such as Node.js, Express, and PostgreSQL.
- Contributed to building a small team by interviewing and evaluating interns to aid in modernizing the company website.

Full-Stack Web Developer - Intern @ Miramom

Dec 2018 - Mar 2019 // Brooklyn, NY

- Worked with the CEO to modernize and enhance the current WordPress legacy website to a full-stack JavaScript application, using React.js, Node.js, and Express.js.
- Redesigned the User Interface to align with the company's goals of site modernization. Designed the interface using design tools such as Sketch.
- Architected the RESTful API to be integrated with the client-side React application with Node.js, Express.

Projects

CEMS Electric Invoicing App
